Activities Completed at the Site: PA

90073098

Formerly Used Defense Sites (FUDS)

Work Assignment No. R06078

Site Name: City of Grand Prairie, et al, Properties

Comments: UST's removed from site by developer. Developer knows no environmental problems on the property.

Further Action Recommended: No

NPL Evaluation: Low

NPL Justification: No sources were identified in the site files. DOD improvements were removed prior to construction of municipal buildings & industrial park. No SW contamination has been detected in SW samples collected periodically. Other pathways not identified.
